Morsel for Meditation

I sought for the greatness and genius of America in her commodious harbors and her ample rivers, and it was not there. I sought for the greatness and genius of America in her fertile fields and boundless forests, and it was not there. I sought for the greatness and genius of America in her rich mines and her vast world commerce, and it was not there. I sought for the greatness and genius of America in her public school system and her institutions of learning, and it was not there. I sought for the greatness and genius of America in her democratic Congress and her matchless Constitution, and it was not there. Not until I went into the churches of America and heard her pulpits flame with righteousness did I understand the secret of her genius and power. America is great because she is good, and if America ever ceases to be good, she will cease to be great.
