## *Morsel for Meditation*

The path of an honest fighter is a difficult one. And when the fighter grows cool in the evening of his life this is still no excuse to retire into games and amusement. Whoever remains faithful to his decision will realize that his whole life is a struggle. Such a person does not fall into the temptation of proudly telling others of what he has done with his life. Nor will he talk about the "great decisions" he has made. He knows full well that at decisive moments you have to renew your resolve again and again and that this alone makes good the decision and the decision good.
